Kologik Microsoft Azure Government and Software as a Service (SaaS) Licensing Addendum

In addition to the terms and conditions outlined in the Kologik licensing agreement and purchase order, the undersigned acknowledges and accepts the items contained in this document.

Which Kologik products does/will your agency use (check all that apply):

☒ COPsync ☐ RMS ☐ CAD ☐ JMS

1. In entering into this agreement, the Agency is contracting Kologik to host and manage its TLETS, CAD, RMS and/or JMS systems.
2. Kologik maintains a hosting environment within Microsoft Azure Government Cloud. This environment has been licensed through an Enterprise Level Enrollment Agreement (ELEA) with its partner Synnex with Subscription ID: 75a2d9c3-8390-4e93-9a75-9f21c00ae2ac.
3. The Agency system will be hosted in the Kologik Microsoft Azure Government environment described in item #2.
4. The Agency understands that they must maintain a connection to the internet to access the Kologik systems and their data.
5. Kologik backs up all Agency data on a daily basis. The backups are encrypted using FIPS 140-2 compliant encryption. Backups are stored on a separate server in the Microsoft Azure Government Cloud.
6. All employees of Kologik with the potential to interact with the Agency's environment or data have received certified CJIS Security and Awareness training and fingerprint-based background check.
7. All data within the Kologik hosting environment physically resides within Microsoft's Azure Government Cloud CJIS Secure datacenters.
8. All Kologik software is CJIS Security Policy and FIPS 140-2 compliant. A list of relevant certificates is available from Kologik upon request.
9. Microsoft background checks all of their employees that work at Azure Government data centers that meets and exceeds CJIS requirements. The Texas Department of Public Safety acts as the Clearinghouse for Microsoft Employee CJIS Fingerprint information.
