Dear Gentlemen:

The Sheriff Office Inmate Account for the fourth quarter of fiscal year 2012 was audited in October 2012. The account was rolled forward for the quarter. Selected checks were examined for signs of alteration, irregular endorsements, and unauthorized signatures.

The Sheriff's office has implemented the use of the kiosk, but the account continues to remain out of balance with the software due to improper handling of money in the Sheriff's office.

The following issues were noted in the audit:

- A. Refund due the Inmate Account #5601980 of \$74.22 (check order)
Reported in audit dated February 24, 2011
- B. Refund due the Inmate Fund #5569749 of \$140.28 (check order)
Reported in audit dated June 30, 2011
- C. Correction by bank in the amount of \$3.00 for Check #1496
Reported in audit dated August 11, 2011
- D. Refund due the Inmate Account #5569749 of \$1.23 for m/Funds/Paycard us
Reported in audit June 28, 2012
- E. Refund due the Inmate Account of \$5.00 Statement printing fee for the months of April, May & June, totaling \$15.00
- F. Refund due the Inmate Account of \$83.35 (check order) September 14, 2012
- G. \$223.00 turned over to Auditor on 10/3/12. This was in the form of \$8.00 cash and \$215.00 dollars in money orders.
These money orders were dated 5/1/2012. There was a receipt issued in the software system for these amounts in the month of May.

The continued lack of reconciliation of the accounts is a potential risk for fraud and needs to be addressed immediately. In previous audits I have questioned the training and time management of the handling and reconciliation of this account and it is evident that it is clearly improper handling of money.

The work papers for the Inmate Account are on file in the County Auditor's office.
