DC	SB 1759	Relating to the procedures for the appointment of and the duties of attorneys ad litem in certain suits affecting the parent-child relationship. Requires attorneys who provide ad litem services to have 3 hour continuing education relating to representing a child protective case. Requires an attorney appointed as an ad litem for a child to obtain 3 hours of CLE related to representing a child in CPS cases as soon as possible after appointment. Requires those on a list to obtain 3 hours of related CLE per year. Expands when an ad litem must be appointed for certain parents; currently it is in cases where termination of parental rights sought and this expands it to include cases in which a conservator for the child is sought. In such cases, the attorney is now required to obtain 3 hours of CLE related to representing a parent in such cases and is required to abide by the parent's objectives for representation. Attorneys on the list must get the 3 hours each year.	9/1/2013
Fees & Fines			
		Due to the passage of SB 390, all new and amended court costs and fees have an effective date of 1/1/2014.	
CC-DC	HB 410	Relating to the administration and operation of the appellate judicial system for the Second Court of Appeals District. It is only applicable to counties within the 2nd Court of Appeals.	9/1/2013 (Fee effective 1/1/2014)
* CC-DC	HB 1513	Relating to increases in the records archive fees and the records management and preservation fees charged by district and county clerks. Increases fees to \$10. Requires commissioner's court approval and budget approval for district court records archive fee. The bill contains a provision reverting back to the \$5 fee effective 9/1/2019.	9/1/2013 (Increase in fees are effective 1/1/2014)
CC-DC	HB 2302	Relating to the establishment of the statewide electronic filing system fund and to certain court fees and court costs to fund the account. Allows judge to electronically sign documents. Adds \$20 civil filing fee, \$10 justice court fee on civil actions and \$5 criminal court costs for the statewide e-filing system are effective 9/1/13. Allows counties to collect \$2 per transaction e-filing fee if such is necessary to recoup cost of implementing e-filing system; must certify to OCA annually the fee is necessary. \$2 transaction fee provision expires 9/1/19. Do not collect a \$20 e-filing fee on family lawsuits for filing a suit or motion for modification; motion for enforcement; a notice of application for judicial writ of withholding; a motion to transfer; a petition for license suspension; or a motion for contempt. Continue to collect the \$15 filing fee. (Family Code, §110.002)	9/1/2013 (Per OCA, the \$20 civil e-filing fee, \$10 justice court fee and \$5 criminal court costs are effective on 9/1/2013.)
CC-DC	SB 389	Relating to the imposition of court costs in certain criminal proceedings. Calculation of fees and fines are based on the date of conviction. Definition of definition in CCP Art. 102.005 includes deferred and probation.	6/14/2013
CC-DC	SB 390	Relating to the effective date of a new court cost or fee or of an amendment to the amount of a court cost or fee. Government Code 51.607(d) was repealed while the rest of 51.607 was left intact. Therefore, now all new or amended fees will be effective January 1 of the year following the effective date of the bill creating or amending the fee. The provision that said the new fee started on the date specified in legislation was repealed, which means 51.607(c) controls. 51.607(c) reads, "Notwithstanding the effective date of the law imposing or changing the amount of a court cost or fee included on the list, the imposition or change in the amount of the court cost or fee does not take effect until the next January 1 after the law takes effect."	6/14/2013.
CC-DC	SB 391	Relating to a defendant's obligation to pay a fine or court cost after the expiration of a period of community service. Clarifies that the obligation to pay court costs, fees, and fines remains even after the probation period has been discharged.	9/1/2013
CC	SB 395	Relating to fines and court costs imposed on a child in a criminal case. This is a JP/muni court-related bill. This provides that a child convicted of a class C misdemeanor can elect to discharge the fines and fees through community service, receiving tutoring, or paying them.	9/1/2013
CC-DC	SB 967	Relating to the authority of a municipality or county to retain certain service fees. This bill is not related to the 90% C.J.S reporting. It is related to the requirement to implement a Collections Improvement Plan. Under current law, if a city or county is not in compliance with the requirement to have a Collections Improvement Plan under CCP 103.0033, then the city or county cannot retain the 10% service fee under Local Government Code 133.058 and instead must send all of the fees collected to the Comptroller. There is a provision in current law that gives the cities a 180-day grace period to get back in compliance before losing this service fee. SB967 gives that same 180-day grace period to counties.	6/14/2013
CC-DC	SB 1827	Relating to additional fee for filing civil cases in certain Rockwell County Courts. Additional \$15 fee.	6/14/2013 (Fee effective 1/1/2014)
