If RKA is Awarded Business, the following steps would be taken:

- Customer will be required to submit a credit application or credit references. The proper credit forms must be completed by Montague County, and returned in a timely manner so we are ready to start delivering fuel on the start date. Customers must maintain Supplier's credit approval throughout the contract. If requested, Customer must provide updated financial information. Failure to be compliant with the payment terms of a contract could result in modification of the payment terms, including the right to require prepayment for fuel, until such time as payments are made and Customer again meets Supplier's credit approval.
- Working with Customer locations to ensure contact information is provided to all relevant parties. Collecting Contact info and doing introductions by Account Executive.
- Calling each Customer location that would receive RKA's fuel and addressing all site information, including tank details and delivery details.
- RKA will work with each site and determine a fuel delivery schedule.
- These introduction steps will occur simultaneously as the process below occurs.
- Once Credit has been established, Customer will be set up in our system and can begin to order.
- Orders can be called in to our Customer Service Team @ 1-800-946-2199 ext. 7, 1-800-875-FUEL, or orders can be emailed to orders@rkapetroleum.com and a prompt response of email receipt will be sent.
