APPRISS TDEX INTERFACE

This agreement is between the agency and Justice Solutions for installation of the TDEX interface. Acceptance of this agreement authorizes Justice Solutions to install and enable a software interface in the Records Management application. Justice Solutions will install, configure, and verify communications with Appriss PC and will invoice Appriss for installation services delivered under this installation agreement. A summary of the data to be transmitted from agency systems to TDEX is listed below. A detailed list of the data elements to be made available in the TDEX database (if tracked in your Justice Solutions system) is available from Appriss, Inc.
