Mark and Roy,

omit - ~~Boyd Rd in Ringgold has the same name and similar road range as does Boyd Rd near Forestburg. There is one structure on the Ringgold E on the Forestburg Boyd Rd. It is my understanding the Ringgold location is not always occupied throughout the year. It would make sense to to the Ringgold Boyd Rd to avoid any 9-1-1 mis-routes due to the duplication. There is not a current telephone tied to the Ringgold 207 Boyd is required to comply with Next Gen 9-1-1 data standards.~~

omit - ~~Main St in Stoneburg mirrors Main St in Forestburg. Currently there is not a structure on the Stoneburg Main St. After checking all the Main S County, I would recommend a change to Main Ln or a different name all together. After checking, we have learned there are no wired telephc either community.~~

\*  
# 20-026 Missy with the Sheriff's office contacted me this afternoon explaining a 9-1-1 call came from a wireline phone at 108 Bonham St. Bonham St limits of Nocona. There was some confusion on the response as the telephone company had assigned that telephone number to be in the cc Bonham St is also located in Belcherville. There are currently no structures on Bonham St in Belcherville. I would recommend naming the Be as Bonham Rd. We are working to correct the error with the telephone company.

It is important to make these corrections as we move closer to Next Generation 9-1-1 call routing. There will be more of these changes I am : occurring in other jurisdictions as well as we work to clean up our structure and roads data.

Currently, our interlocal agreement does not allow for Nortex RPC to arbitrarily alter the Montague County Master Street Addressing Guide. 1 Addressing Guide was authorized by the Montague County Commissioners Court many years ago. As such, any changes to the Master Stre requires Montague County Commissioners Court approval.

Once I have the Commissioners Court approval (Commissioners Court Minutes), Nortex RPC will make all notifications as needed. As you d please note this is going to assist in making sure the right responder to a 9-1-1 call is dispatched without any confusion as to location of the r

I will make myself available to the court for any explanations at any time.
