This document is an application for a permit and right-of-way. Please give a descriptive explanation of the work to be done:

Pipeline to be installed by a horizontal direction drill under Orchard, Ditto, Denver (2), Huddleston and Alamo Roads. Pipeline will be utilized for gas gathering for EOG Resources, Inc. Pipeline specifications are 10.75" (OD) x 0.365 " wall thickness with a maximum operation pressure of 1440 PSIG. Centerline crossing will be flagged with survey stakes marking the centerline.

If your application for the permit and right-of-way is approved by the Montague County Commissioners Court and an Order to grant the permit and right-of-way for such pipeline or utility lines should be granted, the following is understood:

1. That such pipeline or utility lines shall be so buried, cased, covered, constructed and maintained as not to interfere with the use and occupancy of such roads by public.
2. That any adjustments of said pipeline or utility lines required for any State Farm to Market Road or any other improved road would be at 100 per cent cost to the applicant.
3. That all the rights, privileges and right-of-ways will be vested in said Applicant and its successors and assigns, without further grant or procedure.
4. Fees may or may not apply. If fees apply, fees need to accompany the application.
5. ~~Notice of all applications will be sent to the Upper Trinity Groundwater Conservation District.~~
6. Utility lines shall be so buried at least 36 (thirty-six) inches in order to be able to maintain roads and ditches.
