

GrayKey Licensing Options | Online

Mobile device forensics is on the rise and the need to have a mobile extraction solution that you can count on is critical – this is where GrayKey can help. GrayKey is a state-of-the-art forensic access tool that extracts encrypted or inaccessible data from iOS and leading Android devices to access the critical data you need to help you solve more cases.

GrayKey Pricing for Where and How You Use It

Our subscription licensing options provide you with the flexibility and customization you require to address your mobile forensics needs. GrayKey provides comprehensive access to iOS and leading Android devices.

All GrayKey licenses are a 12-month subscription and include:

- Unlimited Known Passcode and Before First Unlock (BFU) support for iOS and Android devices*
- Software updates with new features and newly supported devices and operating systems
- A GrayKey device (with Premier Online you will receive 2 GrayKey Devices)
- Support from our World Class Customer Success organization, where you will receive:
 - Technical support and live chat
 - Onboarding
 - Self-paced online training
 - Knowledge-based articles and more

*Android device support based on Qualcomm, Exynos, and MediaTek chipsets. Contact your sales representative to learn more about what Android devices are currently supported.

GrayKey Online Licensing Options

The online licensing option requires that the GrayKey device be connected to the Internet in order to conduct the mobile extraction. Each of the online pricing licensing options include Unlimited Known Passcode and Before First Unlock (BFU) extractions.
