AFLAC ACCIDENT ADVANTAGE

ACCIDENT-ONLY INSURANCE – OPTION 4

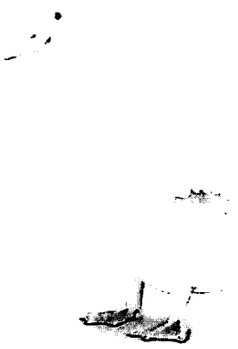
Policy AA0000 4

Be prepared for life's unexpected mishaps

Accidents can happen at any time. You could suffer an accidental injury while you are working around the house or walking into work. Or your child may get injured at basketball practice. When an accident happens, it can be costly. Even with major medical insurance, there may be out-of-pocket expenses that you'll have to pay.

In the event of an unexpected injury, Aflac can help protect your personal finances. We provide individuals and families affordable insurance that helps with expenses that may not be covered by major medical insurance. Aflac pays cash benefits directly to you (unless otherwise assigned), so you can use the cash for anything you want. Which means uncovered medical expenses won't break the bank if you are injured.

And since we can process your claim quickly, Aflac helps give you the peace of mind knowing you can spend more time recovering and less time worrying about bills.



Aflac herein means American Family Life Assurance Company of Columbus

Understand the difference Aflac can make in your financial security.

Aflac pays cash benefits for covered accidental injuries directly to you, unless assigned. Your own peace of mind and the assurance that your family will have help financially are powerful reasons to consider Aflac.

ACCIDENT-ONLY COVERAGE

THE POLICY PROVIDES LIMITED BENEFITS.

BENEFITS PROVIDED ARE SUPPLEMENTAL AND NOT INTENDED TO COVER ALL MEDICAL EXPENSES.

OUTLINE OF COVERAGE

THIS IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THE POLICY, AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAWS AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

This IS NOT A MEDICARE SUPPLEMENT policy. If you are eligible for Medicare, review the *Guide to Health Insurance for People With Medicare* available from Aflac.

(1) **Read Your Policy Carefully.** This outline of coverage provides a very brief description of the important features of the coverage. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY!

(2) Accident-Only coverage is designed to provide, to persons insured, coverage for certain losses resulting from a covered accident ONLY, subject to any limitations contained in the policy. **Coverage is not provided for basic hospital, basic medical-surgical, or major medical expenses.**

A covered Accidental-Death, Dismemberment, or Injury must also occur while coverage is in force and is subject to the Limitations and Exclusions. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

RETAIN THIS OUTLINE OF COVERAGE FOR YOUR RECORDS.
THIS OUTLINE OF COVERAGE IS ONLY A BRIEF SUMMARY OF YOUR POLICY.
THE POLICY ITSELF SHOULD BE CONSULTED TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.

Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically covered under the terms of the policy from the moment of birth. If individual or named insured/spouse only coverage is in force and you desire uninterrupted coverage for a newborn child, you must notify Aflac within 31 days of the child's birth. Upon notification, Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. Coverage provided under any one-parent family or two-parent family policy will continue to include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, grandchildren or legally adopted children who are under age 26. The hospital confinement must be on the advice of a physician, medically necessary, and the result of a covered injury. Confinement in a U.S. government hospital does not require a charge for benefits to be payable.

INJURY: A bodily injury caused directly by an accident, independent of sickness, disease, bodily infirmity, or any other cause. See the limitations and exclusions for injuries not covered by the policy.

Helping Pay Your Bills, While You Pay Attention to You

What if one day, not very far in the future, you become disabled and you can't go to work. How would you pay for the expenses of daily life such as monthly mortgage or rent, groceries and your utilities? The bills keep on coming even if you're unable to work. That's where Aflac's short-term disability insurance policy can help make the difference. It's a source of monthly income you may need to help take care of your bills while you take care of yourself.

Why Aflac Short-Term Disability may be the best choice for you:

- It's sold on an individual basis. You choose the plan that's right for you based on your financial needs and income.
- We offer the option of guaranteed-issue,[1] short-term disability coverage. That means no medical questionnaire is required.
- We pay you a cash benefit for each day you are disabled.[2]

Here's how we can help

When disabled, you may not only lose the ability to earn a living, but you may also lose savings or retirement funds. The financial obligations can be overwhelming. Disability insurance plays an integral and important role in your financial planning.

Aflac provides benefits for both total and partial disability. Even if you're able to work, partial disability benefits may be available to help compensate for lost income.

Aflac does not coordinate benefits. Regardless of any other disability insurance you may have, including Social Security, we will pay you directly.

The facts say you need the protection of the Aflac Short-Term Disability plan:

THIS IS NOT A MEDICARE SUPPLEMENT POLICY.

THIS IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THIS POLICY, AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAWS AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

If you are eligible for Medicare, review the "Guide to Health Insurance for People With Medicare" available from Aflac.

1. **Read Your Policy Carefully.** This outline of coverage provides a very brief description of the important features of the coverage. This is not the insurance contract, and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and Aflac. It is, therefore, important that you **READ YOUR POLICY CAREFULLY!**

2. Short-term Disability coverage is designed to provide, to persons insured, coverage for disabilities resulting from a covered accident or Sickness, subject to any limitations set forth in the policy. Coverage is not provided for basic hospital, basic medical-surgical, or major medical expenses.

3. **Benefits.** The following benefits are a part of the policy.

   Aflac will pay the following benefits, as applicable, if your Disability is caused by a covered Sickness or covered Off-the-Job Injury and occurs while coverage is in force. All benefits are subject to the Limitations and Exclusions, Pre-existing Condition Limitations, and other policy terms.

   Disability due to pregnancy and childbirth is payable to the same extent as a covered Sickness. Disability as a result of pregnancy that began on or before the Effective Date of coverage is not covered except for disability due to Complications of Pregnancy, which will be covered to the same extent as a covered Sickness. The maximum period of Disability allowed for Disability due to childbirth is six weeks for noncesarean delivery and eight weeks for cesarean delivery, less the Elimination Period, unless you furnish proof that your Disability continues beyond these time frames.

   Benefits will be paid for only one Disability at a time, even if the Disability is caused by more than one Sickness, more than one Injury, or a Sickness and an Injury. **We reserve the right to meet with you while a claim is pending, or to use an independent consultant and Physician's statement to determine whether you are qualified to receive Disability benefits. You must be under the care and attendance of a Physician for these benefits to be payable. Benefits will cease on the date of your death.**

A. TOTAL DISABILITY BENEFITS:

1. **Working an Occupation:** If you have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

   If your covered Sickness or covered Off-the-Job Injury causes your Total Disability within 90 days of your last treatment for your covered Sickness or covered Off-the-Job Injury, we will pay you the Daily Disability Benefit for each day of your Total Disability. This benefit is payable up to the Total Disability Benefit Period you selected and is subject to the Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

   You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, or (2) working at any job.

2. **Not Working an Occupation:** If you do not have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

   If your covered Sickness or covered Off-the-Job Injury causes you to be unable to perform the duties of any occupation for which you are or become qualified by reason of education, training, or experience within 90 days of your last treatment for such covered Sickness or covered Off-the-Job Injury, as certified by a Physician, we will pay you the Daily Disability Benefit for each day you cannot perform such duties. This benefit is payable up to the Total Disability Benefit Period you selected and is subject to the Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

   You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, (2) working at any job, or (3) Physician no longer being able to certify that you are unable to perform the duties of any occupation for which you are or become qualified by reason of education, training, or experience.

Separate periods of Disability, resulting from the **same or a related condition** and not separated by 180 days or more, are considered a continuation of the prior Disability. Once the maximum Total Disability Benefit Period has been paid, you will not be eligible for a new Total Disability Benefit Period for Disability due to the same or a related condition, until 180 days after you: (1) have been released by a Physician from the prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Separate periods of Disability, resulting from **unrelated causes** and not separated by your returning to work at an Occupation for 14 working days during which you are performing the material and substantial duties of such job, are considered a continuation of the prior Disability. Once the maximum Total Disability Benefit Period has been paid, you will not be eligible for a new Total Disability Benefit Period for Disability due to an unrelated cause, until 14 working days after you: (1) have been released by a Physician from a prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Periods of Disability meeting either of these separation requirements will begin a new Total Disability Benefit Period, subject to a new Elimination Period.

B. **PARTIAL DISABILITY BENEFIT:** If you have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

   If your covered Sickness or covered Off-the-Job Injury causes your Partial Disability within 90 days of your last treatment for your covered Sickness or covered Off-the-Job Injury, we will pay you one-half of the Daily Disability Benefit for each day of your Partial Disability. This benefit is payable up to the Partial Disability Benefit Period (a maximum period of six months) and is subject to the Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

   You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, or (2) working at any job earning 80 percent or more of your pre-Disability Annual Income.

   Separate periods of Disability, resulting from the **same or a related condition** and not separated by 180 days or more, are considered a continuation of the prior Disability. Once the maximum period of six months of Disability under this benefit has been paid, you will not be eligible for a new Partial Disability Benefit Period for Disability due to the same or a related condition, until 180 days after you: (1) have been released by a Physician from the prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

   Separate periods of Disability, resulting from **unrelated causes** and not separated by your returning to work at an Occupation for 14 working days during which you are performing the material and substantial duties of such job, are considered a continuation of the prior Disability. Once the maximum Partial Disability Benefit Period has been paid, you will not be eligible for a new Partial Disability Benefit Period for Disability due to an unrelated

cause, until 14 working days after you: (1) have been released by a Physician from a prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Periods of Disability meeting either of these separation requirements will begin a new Partial Disability Benefit Period (a maximum period of six months), subject to a new Elimination Period.

The Partial Disability Benefit Period is not subject to the Total Disability Benefit Period.

C. **WAIVER OF PREMIUM BENEFIT:** If your covered Sickness or covered Off-the-Job Injury causes your Total Disability or Partial Disability for more than 90 consecutive days (or after the Elimination Period shown in the Policy Schedule, whichever is greater) while the policy is in force, Aflac will waive, from month to month, the premium for the policy and any applicable rider(s) for as long as you remain disabled, up to the applicable Benefit Period shown in the Policy Schedule.

For premiums to be waived, Aflac will require an employer's statement and a Physician's statement certifying your inability to perform said duties or activities, and may each month thereafter require a Physician's statement that your inability to perform said duties or activities continues. Aflac may ask for and use an independent consultant to determine your Disability when this benefit is in force.

You must pay all premiums to keep the policy and any applicable rider(s) in force until Aflac approves your claim for this Waiver of Premium Benefit. You must also resume premium payment to keep the policy and any applicable rider(s) in force, beginning with the first premium due after you no longer qualify for Disability benefits.

IF YOU HAVE ANY OTHER DISABILITY BENEFIT IN FORCE WITH US, ONLY ONE DISABILITY BENEFIT IS PAYABLE.

4. OPTIONAL BENEFITS:

Disability Benefit for On-the-Job Injury Rider: (Form A57650TX) Applied For: ☐ Yes ☐ No

Aflac will pay the following benefits, as applicable, if your Disability is caused by a covered On-the-Job Injury and occurs while coverage is in force. All benefits are subject to the Limitations and Exclusions, Pre-existing Condition Limitations, and other policy terms.

Benefits will be paid for only one Disability at a time, even if the Disability is caused by more than one Injury. **We reserve the right to meet with you while a claim is pending, or to use an independent consultant and Physician's statement to determine whether you are qualified to receive Disability benefits. You must be under the care and attendance of a Physician for these benefits to be payable. Benefits will cease on the date of your death.**

Periods of Disability meeting either of these separation requirements will begin a new Partial Disability Benefit Period (a maximum period of six months), subject to a new Elimination Period.

The Partial Disability Benefit Period is not subject to the Total Disability Benefit Period.

C. WAIVER OF PREMIUM BENEFIT: If your covered On-the-Job Injury causes your Total Disability or Partial Disability for more than 90 consecutive days (or after the Elimination Period shown in the Policy Schedule, whichever is greater) while the rider is in force, Aflac

will waive, from month to month, the premium for the policy and any applicable rider(s) for as long as you remain disabled, up to the applicable Benefit Period shown in the Policy Schedule.

For premiums to be waived, Aflac will require an employer's statement and a Physician's statement certifying your inability to perform said duties or activities, and may each month thereafter require a Physician's statement that your inability to perform said duties or activities continues. Aflac may ask for and use an independent consultant to determine your Disability when this benefit is in force.

You must pay all premiums to keep the policy and any applicable rider(s) in force until Aflac approves your claim for this Waiver of Premium Benefit. You must also resume premium payment to keep the policy and any applicable rider(s) in force, beginning with the first premium due after you no longer qualify for Disability benefits.

IF YOU HAVE ANY OTHER DISABILITY BENEFIT IN FORCE WITH US, ONLY ONE DISABILITY BENEFIT IS PAYABLE.

Additional Units of Disability Benefit Rider: (Form A57651TX) Applied For: ☐ Yes ☐ No

Aflac will pay the following benefits, as applicable, if your Disability is caused by a covered Sickness or covered Off-the-Job Injury and occurs while coverage is in force. All benefits are subject to the Limitations and Exclusions, Pre-existing Condition Limitations, and other policy terms.

Disability due to pregnancy and childbirth is payable to the same extent as a covered Sickness. Disability as a result of pregnancy that began on or before the Effective Date of coverage is not covered except for disability due to Complications of Pregnancy, which will be covered to the same extent as a covered Sickness. The maximum period of Disability allowed for Disability due to childbirth is six weeks for noncesarean delivery and eight weeks for cesarean delivery, less the Elimination Period, unless you furnish proof that your Disability continues beyond these time frames.

Benefits will be paid for only one Disability at a time, even if the Disability is caused by more than one Sickness, more than one Injury, or a Sickness and an Injury. **We reserve the right to meet with you while a claim is pending, or to use an independent consultant and Physician's statement to determine whether you are qualified to receive Disability benefits. You must be under the care and attendance of a Physician for these benefits to be payable. Benefits will cease on the date of your death.**

This benefit will be paid under the same terms as the applicable Total Disability Benefit or Partial Disability Benefit as described in your policy. The additional units of coverage will only be payable for a Disability that begins after the Effective Date of this rider.

A. TOTAL DISABILITY BENEFITS:

1. **Working an Occupation:** If you have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

   If your covered Sickness or covered Off-the-Job Injury causes your Total Disability within 90 days of your last treatment for your covered Sickness or covered Off-the-Job Injury, we will pay you the Daily Disability Benefit for the Additional Units of Disability Benefit Rider for each day of your Total Disability. This benefit is payable up to the Total Disability Benefit Period you selected and is subject to the Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

   You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, or (2) working at any job.

2. **Not Working an Occupation:** If you do not have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

   If your covered Sickness or Off-the-Job Injury causes you to be unable to perform the duties of any occupation for which you are or become qualified by reason of education, training, or experience within 90 days of your last treatment for such covered Sickness or covered Off-the-Job Injury, as certified by a Physician, we will pay you the Daily Disability Benefit for the Additional Units of Disability Benefit Rider for each day you cannot perform such duties. This benefit is payable up to the Total Disability Benefit Period you selected and is subject to the

Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, (2) working at any job, or (3) Physician no longer being able to certify that you are unable to perform the duties of any occupation for which you are or become qualified by reason of education, training, or experience.

Separate periods of Disability, resulting from the **same or a related condition** and not separated by 180 days or more, are considered a continuation of the prior Disability. Once the maximum Total Disability Benefit Period has been paid, you will not be eligible for a new Total Disability Benefit Period for Disability due to the same or a related condition, until 180 days after you: (1) have been released by a Physician from the prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Separate periods of Disability, resulting from **unrelated causes** and not separated by your returning to work at an Occupation for 14 working days during which you are performing the material and substantial duties of such job, are considered a continuation of the prior Disability. Once the maximum Total Disability Benefit Period has been paid, you will not be eligible for a new Total Disability Benefit Period for Disability due to an unrelated cause, until 14 working days after you: (1) have been released by a Physician from a prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Periods of Disability meeting either of these separation requirements will begin a new Total Disability Benefit Period, subject to a new Elimination Period.

B. PARTIAL DISABILITY BENEFIT: If you have an Occupation at the time of your Sickness or Off-the-Job Injury, we will insure you as follows while coverage is in force:

If your covered Sickness or covered Off-the-Job Injury causes your Partial Disability within 90 days of your last treatment for your covered Sickness or covered Off-the-Job Injury, we will pay you one-half of the Daily Disability Benefit for the Additional Units of Disability Benefit Rider for each day of your Partial Disability. This benefit is payable up to the Partial Disability Benefit Period (a maximum period of six months) and is subject to the Elimination Period shown in the Policy Schedule. Also see the Uniform Provision titled "Term," and the definition of "Benefit Period."

You will no longer be qualified to receive this benefit upon the earlier of your: (1) being released by your Physician to perform the material and substantial duties of your Occupation, or (2) working at any job earning 80 percent or more of your pre-Disability Annual Income.

Separate periods of Disability, resulting from the **same or a related condition** and not separated by 180 days or more, are considered a continuation of the prior Disability. Once the maximum period of six months of Disability under this benefit has been paid, you will not be eligible for a new Partial Disability Benefit Period for Disability due to the same or a related condition, until 180 days after you: (1) have been released by a Physician from the prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Separate periods of Disability, resulting from **unrelated causes** and not separated by your returning to work at an Occupation for 14 working days during which you are performing the material and substantial duties of such job, are considered a continuation of the prior Disability. Once the maximum Partial Disability Benefit Period has been paid, you will not be eligible for a new Partial Disability Benefit Period for Disability due to an unrelated cause, until 14 working days after you: (1) have been released by a Physician from a prior Disability, (2) are no longer disabled, and (3) are no longer qualified to receive any Disability benefits under the policy.

Periods of Disability meeting either of these separation requirements will begin a new Partial Disability Benefit Period (a maximum period of six months), subject to a new Elimination Period.

C. The Partial Disability Benefit Period is not subject to the Total Disability Benefit Period.

Aflac Value Rider:
(Form A57653) Applied For: ☐ Yes ☐ No

Aflac will pay you the greater of:

(i) $1,000 less any claims paid (excluding any Waiver of Premium Benefit paid under the policy and/or any benefit paid under the Lump Sum Critical Illness Benefit Rider, if applicable); or
(ii) $100

at the end of every consecutive five-year period from the rider Effective Date for which the rider remains in force. Each subsequent consecutive five-year period begins on the day after the previous consecutive five-year period ends. If you receive this Aflac Value Benefit and later file a claim that includes days of Disability occurring during the consecutive five-year period that qualified you to receive this Aflac Value Benefit, then we will reduce the amount payable for those days of Disability by the amount you received under the rider less $100.

Both the policy and the rider must remain in force for five consecutive years for you to be eligible for the Aflac Value Benefit. If the rider is issued after the Effective Date of the policy, the initial consecutive five-year period begins on the rider Effective Date. This benefit is limited to five payments per lifetime.

The rider will terminate on the earlier of: (1) the termination of the policy to which the rider is attached; (2) your failure to pay the premiums for the rider; (3) your receipt of five payments under the rider; (4) your age at the time of any payment under the rider is 70 or greater and your policy will terminate before any subsequent payment under the rider is due; or (5) your death. When the rider terminates (is no longer in force), no further premium will be charged for it.

THE POLICY IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THE POLICY AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAW AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.
If you are eligible for Medicare, review the "Guide to Health Insurance for People with Medicare" furnished by Aflac.

(1) **Read Your Policy Carefully:** This Outline of Coverage provides a very brief description of some of the important features of the policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) **Hospital Confinement Indemnity Coverage:** The policy provides coverage in the form of a fixed benefit during periods of hospitalization or care resulting from Sickness or Injury, subject to any limitations set forth in your policy. It does not provide any benefits other than the fixed indemnity for Hospital Confinement and any additional benefits described below.

(3) **Benefits:** Aflac will pay the following benefits, as applicable, for a covered Sickness or Injury that occurs while coverage is in force, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, unless indicated otherwise. The term "Hospital Confinement" does not include emergency rooms. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

A. **HOSPITAL CONFINEMENT BENEFIT:** Aflac will pay $[500 - 5,000] when a Covered Person requires Hospital Confinement for 23 or more hours for a covered Sickness or Injury and a room charge is incurred. This benefit is payable once per Calendar Year, per Covered Person. No lifetime maximum.

The Hospital Confinement Benefit and the Rehabilitation Facility Benefit are not payable on the same day. The highest eligible benefit will be paid.

B. **REHABILITATION FACILITY BENEFIT:** Aflac will pay $100 per day when a Covered Person is confined in a Hospital and is transferred to a room in a Rehabilitation Facility for treatment of a covered Sickness or Injury and a charge is incurred each day for such treatment. This benefit is limited to 15 days per Period of Hospital Confinement and is limited to a Calendar Year maximum of 30 days, per Covered Person. No lifetime maximum.

The Rehabilitation Facility Benefit and the Hospital Confinement Benefit are not payable on the same day. The highest eligible benefit will be paid.

D. HOSPITAL SHORT-STAY BENEFIT: Aflac will pay $100 when a Covered Person receives treatment for a covered Sickness or Injury in a Hospital, including an observation room, or an Ambulatory Surgical Center, for a period of less than 23 hours and a charge is incurred for such treatment. This benefit is not payable for treatment received in a Hospital Emergency Room or Urgent Care Center. This benefit is payable twice per Calendar Year, per policy. No lifetime maximum.

The Hospital Short-Stay Benefit and the Hospital Emergency Room Benefit are not payable on the same day.

E. WAIVER OF PREMIUM BENEFIT: Upon written notice, Aflac will waive from month to month any premium(s) falling due during a continued Period of Hospital Confinement for the Named Insured only. This benefit will begin after the Period of Hospital Confinement for the Named Insured has exceeded 30 consecutive days. When such continued Period of Hospital Confinement has ended, premium payments must be resumed. Once premium payments are resumed, any new Period of Hospital Confinement must again satisfy the 30-day continued confinement for premiums to be waived.

If you die and your Spouse becomes the new Named Insured, premiums will start again at the appropriate rate and will be due on the first premium due date after the change. The new Named Insured will then be eligible for this benefit if the need arises.

You will again become eligible to receive this benefit after:

The term "Hospital Confinement" does not include emergency rooms. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

A. **INITIAL ASSISTANCE BENEFIT:** Aflac will pay $100 when a Covered Person requires a Hospital Admission. This benefit is payable once per Calendar Year, per rider. No lifetime maximum. This benefit is not subject to the Pre-existing Condition Limitations or the Limitations and Exclusions section of the policy. **Payment of this benefit is based solely on a Covered Person's Hospital Admission, as defined in the rider. Any additional benefits that may be due as a result of a Hospital Admission remain subject to the terms of the policy, including any limitations and/or exclusions.**

B. **SURGERY BENEFIT:** Aflac will pay according to the benefits in the Schedule of Operations in the rider when, due to a covered Sickness or Injury, a Covered Person has a surgical procedure, including a vaginal or cesarean delivery, performed in a Hospital or an Ambulatory Surgical Center and a charge is incurred for such surgical procedure. If any surgical procedure for the treatment of the covered Sickness or Injury is performed other than those listed, Aflac will pay an amount comparable to the amount shown in the Schedule of Operations for the surgical procedure most nearly similar in severity and gravity. **The Surgery Benefit is only payable one time per 24-hour period, even though more than one surgical procedure may be performed. The highest eligible benefit will be paid. Exams covered under the Invasive Diagnostic Exams Benefit are not payable under this benefit. The Surgery Benefit and the Invasive Diagnostic Exams Benefit are not payable on the same day. The highest eligible benefit will be paid. No lifetime maximum.**

IMPORTANT: The Surgery Benefit is not payable for surgical procedures performed in a Physician's or dentist's office, a clinic, or other such location.

C. **INVASIVE DIAGNOSTIC EXAMS BENEFIT:** Aflac will pay $100 when a Covered Person requires one of the following exams, with or without biopsy, and a charge is incurred: arthroscopy, bronchoscopy, colonoscopy, cystoscopy, endoscopy, gastroscopy, laparoscopy, laryngoscopy, sigmoidoscopy, or esophagoscopy. These exams must be performed in a Hospital or an Ambulatory Surgical Center. This benefit is limited to one exam per Covered Person, per 24-hour period. No lifetime maximum.

The Invasive Diagnostic Exams Benefit and the Surgery Benefit are not payable on the same day. The highest eligible benefit will be paid.

(5) Exceptions, Reductions, and Limitations of the Policy (policy is not a daily hospital expense plan):

A. Aflac will not pay benefits for care or treatment that is: (1) caused by a Pre-existing Condition, unless it begins more than 12 months after the Effective Date of coverage (or begins 6 months from the Effective Date for insureds who were issued the policy at age 65 or over), or (2) received prior to the Effective Date of coverage.

B. Aflac will not pay benefits for any illness, disease, infection, disorder, or condition that is medically evaluated, diagnosed, or treated by a Physician before coverage has been in force 30 days, unless the loss begins more than 12 months after the Effective Date of coverage.

C. Benefits for a covered Sickness for all persons added to the policy (excluding newborns) are subject to a 30-day waiting period.

D. Aflac will not pay benefits whenever coverage provided by the policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.

E. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage. If you have received benefits that were not contractually due under the coverage, then Aflac reserves the right to offset any benefits payable under the coverage up to the amount of benefits you received that were not contractually due.

F. The policy does not cover losses caused by or resulting from:

1. Pregnancy or childbirth if the pregnancy is in existence on the Effective Date of the policy (complications of such pregnancy are covered to the same extent as a Sickness);
2. Receiving routine nursing or routine well-baby care for a newborn child;
3. Using any drug, narcotic, hallucinogen, or chemical substance (unless administered by a Physician and taken according to the Physician's instructions), or voluntarily taking any type of poison or inhaling any type of gas or fumes;
4. Participating in any illegal activity that is defined as a felony ("felony" is as defined by the law of the jurisdiction in which the activity takes place); or being detained in any detention facility or penal institution;
5. Being intoxicated or under the influence of alcohol, drugs, or any narcotic, unless administered on the advice of a Physician and taken according to the Physician's instructions (the term "intoxicated" refers to that condition as defined by the law of the jurisdiction in which the cause of the loss occurred);
6. Intentionally self-inflicting a bodily injury, or committing or attempting suicide, while sane or insane;
7. Having dental treatment, except as a result of Injury;
8. Having cosmetic surgery that is not Medically Necessary;
9. Having elective surgery that is not Medically Necessary within the first 12 months of the Effective Date of coverage;

The policy will pay, however, for covered losses resulting from Alzheimer's disease, or similar forms of senility or senile dementia, first manifested while coverage is in force.

A "Pre-existing Condition" is an illness, disease, infection, disorder, condition, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment. Care or treatment caused by a Pre-existing Condition, including deliveries for children if the pregnancy is in existence on the Effective Date of coverage, or reinjuries to a Pre-existing Condition will not be covered unless it begins more than 12 months after the Effective Date of coverage (or begins 6 months from the Effective Date for insureds who were issued the policy at age 65 or over).

(6) Renewability: The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud, or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Aflac may change the established premium rate, but only if the rate is changed for all policies of the same form number and premium classification in the state where the policy was issued that are then in force.

(7) Grace Period: A grace period of 31 days will be granted for the payment of each premium falling due after the first premium. During the grace period, the policy shall continue in force.

RETAIN FOR YOUR RECORDS.
THIS OUTLINE OF COVERAGE IS ONLY A BRIEF SUMMARY OF THE COVERAGE PROVIDED.
THE POLICY ITSELF SHOULD BE CONSULTED TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.

TERMS YOU NEED TO KNOW

COVERED PERSON: Any person insured under the coverage type that you applied for on the application: individual (named insured listed in the Policy Schedule), named insured/spouse only (named insured and spouse), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse and dependent children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically insured for 30 days from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child beyond the first 30 days, you must notify Aflac within 31 days of the child's birth and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental or physical disability and who became so disabled prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, grandchildren, or legally adopted children who are under age 26. Children for whom you must provide medical support under a court order are also covered under the terms of the policy.

EFFECTIVE DATE: The date(s) coverage begins as shown in the Policy Schedule or any attached endorsements or riders. The effective date is not the date you signed the application for coverage.

HOSPITAL CONFINEMENT: A stay of a covered person confined to a bed in a hospital for 23 or more hours for which a room charge is made. The hospital confinement must be on the advice of a physician, medically necessary and the result of a covered sickness or injury. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

INJURY: A bodily injury caused directly by an accident, independent of sickness, disease, bodily infirmity or any other cause. An injury must occur on or after the effective date of coverage and while coverage is in force for benefits to be payable. See the Limitations and Exclusions section for injuries not covered by the policy.

PERIOD OF HOSPITAL CONFINEMENT: The number of days a covered person is assigned to and incurs a charge for a room in a hospital. Confinements must begin while coverage under the policy is in force. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

PERIOD OF HOSPITAL INTENSIVE CARE UNIT CONFINEMENT: The number of days a covered person is assigned to and incurs a charge for a room in a hospital intensive care unit. Confinements must begin while coverage under the rider is in force. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

SICKNESS: An illness, disease, infection, disorder or condition not caused by an injury, medically evaluated, diagnosed or treated by a physician more than 30 days after the effective date of coverage and while coverage is in force.

An ambulatory surgical center does not include a physician's or dentist's office, a clinic or other such location.

The term hospital does not include a rehabilitation facility that is not accredited by the Joint Commission on the Accreditation of Hospitals, American Osteopathic Association, or the Commission on Accreditation of Rehabilitation Facilities; convalescent homes; convalescent, rest, or nursing facilities; homes or facilities primarily for the aged, drug addicts, or alcoholics; facilities primarily affording custodial or educational care; or facilities primarily affording care for mental and nervous disorders. Benefits for confinement in a rehabilitation facility are payable under the Rehabilitation Facility Benefit.

The term hospital intensive care unit does not include units such as telemetry or surgical recovery rooms, postanesthesia care units, progressive care units, intermediate care units, private monitored rooms, observation units located in emergency rooms or outpatient surgery units, step-down intensive care units, or other facilities that do not meet the standards for a hospital intensive care unit.

The term hospital emergency room does not include urgent care centers.

The term rehabilitation facility does not include a hospice unit, including: any bed designated as a hospice or a swing bed; a convalescent home; a rest or nursing facility; a psychiatric unit; an extended-care facility; a skilled nursing facility; or a facility primarily affording custodial or educational care or treatment for persons suffering from mental disease or disorders, care for the aged or care for persons addicted to drugs or alcohol.

The term urgent care center does not include hospital emergency rooms.

Admissions into the emergency room of a hospital, admissions for same day surgical procedures or admissions for observation are not considered a hospital admission.

A physician or psychologist is not you or a member of your immediate family.

The policy does not cover losses caused by or resulting from pregnancy or childbirth if the pregnancy is in existence on the effective date of the policy (complications of such pregnancy are covered to the same extent as a sickness). Complications of pregnancy do not include any of the following: premature delivery, multiple gestation pregnancy, false labor, occasional spotting, prescribed rest during pregnancy, morning sickness, and similar conditions associated with the management of a difficult pregnancy not constituting a classifiably distinct pregnancy complication. THIS IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THIS POLICY AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAW AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.
If you are eligible for Medicare, review the "Guide to Health Insurance for People with Medicare" furnished by Aflac.

(1) **Read Your Policy Carefully:** This Outline of Coverage provides a very brief description of some of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) **Specified Health Event Insurance Coverage** is designed to supplement your existing accident and sickness coverage only when certain losses occur as a result of Specified Health Events or other conditions as specified. Specified Health Events are: Heart Attack, Stroke, End-Stage Renal Failure, Major Human Organ Transplant, Third-Degree Burns, Persistent Vegetative State, Coma, Paralysis, Coronary Artery Bypass Graft Surgery (CABG), or Sudden Cardiac Arrest. Coverage is provided for the benefits outlined in **(3) Benefits.** The benefits described in **(3) Benefits** may be limited by **(5) Exceptions, Reductions, and Limitations of the Policy.**

(3) **Benefits:**

IMPORTANT: BENEFITS FOR INTENSIVE CARE UNIT CONFINEMENTS REDUCE BY ONE-HALF FOR LOSSES INCURRED ON OR AFTER THE POLICY ANNIVERSARY DATE FOLLOWING THE 70TH BIRTHDAY OF A COVERED PERSON.

While coverage is in force, Aflac will pay the following benefits, as applicable, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions. The term "Hospital Confinement" does not include emergency rooms. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

BENEFITS FOR INTENSIVE CARE UNIT CONFINEMENTS:

A. **HOSPITAL INTENSIVE CARE UNIT BENEFIT:** Aflac will pay the following benefits when a Covered Person incurs a charge for confinement in a Hospital Intensive Care Unit for a covered Sickness or Injury:

Days 1 – 7:	Days 8 – 15:
Sickness/Injury	Sickness/Injury
$800 per day	$1,300 per day

This benefit is limited to 15 days per Period of Confinement.

The Hospital Intensive Care Unit Benefit is not payable on the same day as the Step-Down Intensive Care Unit Benefit. If a Covered Person is charged for both on the same day, only the highest eligible benefit will be paid. Confinement in a U.S. government Hospital does not require a charge for benefits to be payable. No lifetime maximum.

B. **STEP-DOWN INTENSIVE CARE UNIT BENEFIT:** Aflac will pay $500 per day when a Covered Person incurs a charge for confinement in a Step-Down Intensive Care Unit for a covered Sickness or Injury.

This benefit is limited to 15 days per Period of Confinement and is also payable for confinement in a Hospital Intensive Care Unit after exhaustion of

benefits payable under the Hospital Intensive Care Unit Benefit.

The Step-Down Intensive Care Unit Benefit is not payable on the same day as the Hospital Intensive Care Unit Benefit. If a Covered Person is charged for both on the same day, only the highest eligible benefit will be paid. Confinement in a U.S. government Hospital does not require a charge for benefits to be payable. No lifetime maximum.

C. **PROGRESSIVE BENEFIT FOR HOSPITAL INTENSIVE CARE UNIT/STEP-DOWN INTENSIVE CARE UNIT CONFINEMENT:** An indemnity of two dollars will accumulate for the Named Insured and the covered Spouse for each calendar month coverage remains in force after the Effective Date. This accumulated indemnity, if any, will be paid in addition to the Hospital Intensive Care Unit Benefit and Step-Down Intensive Care Unit Benefit for each day of a Period of Confinement for which benefits are payable. This Progressive Benefit will continue to build, regardless of claims paid, until the policy anniversary date following the 65th birthday of a Covered Person. Any amount accrued at the time this benefit ceases to build for a Covered Person will continue to be added to the benefit amount for all Hospital Intensive Care Unit/Step-Down Hospital Intensive Care Unit confinements commencing prior to the policy anniversary date following the 70th birthday of the Covered Person. **THIS ACCUMULATED BENEFIT REDUCES AT AGE 70.** This accumulated benefit will be reduced by one-half for Hospital Intensive Care Unit/Step-Down Intensive Care Unit confinements commencing on or after the policy anniversary date following the 70th birthday of a Covered Person. **This benefit is not applicable and will not accrue to any Covered Person who has attained age 65 prior to the Effective Date of coverage.** The Named Insured and covered Spouse, if any, are the only persons eligible for this benefit if One-Parent Family or Two-Parent Family coverage is in force. Dependent Children do not qualify for this benefit. When a Spouse is added to an existing policy, this benefit will begin to accrue from the endorsement date adding such Spouse, provided the Spouse has not yet attained age 65.

L. WAIVER OF PREMIUM BENEFIT:

Employed: If you, due to a covered Specified Health Event, are completely unable to do all of the usual and customary duties of your occupation for a period of 180 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require an employer's statement and a Physician's statement of your inability to perform said duties, and may each month thereafter require a Physician's statement that total inability continues.

Not Employed: If you, due to a covered Specified Health Event, are completely unable to perform three or more of the Activities of Daily Living (ADLs) without Direct Personal Assistance for a period of 180 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require a Physician's statement of your inability to perform said activities, and may each month thereafter require a Physician's statement that total inability continues.

If you die and your Spouse becomes the new Named Insured, premiums will start again and be due on the first premium due date after the change. The new Named Insured will then be eligible for this benefit if the need arises.

While this benefit is being paid, Aflac may ask for and use an independent consultant to determine whether you can perform an ADL.

FIRST-OCCURRENCE BUILDING BENEFIT RIDER: (Form A74050) Applied for ❑ Yes ❑ No

The First-Occurrence Benefit, as defined in the policy, will be increased by $500 on each rider anniversary date while the rider remains in force. (The amount of the monthly increase will be determined on a pro rata basis.) This benefit will be paid under the same terms as the First-Occurrence Benefit. This benefit will cease to build for each Covered Person on the anniversary date of the rider following the Covered Person's 65th birthday or at the time of a Specified Health Event, subject to the Limitations and Exclusions of the policy, for that Covered Person, whichever occurs first. However, regardless of the age of the Covered Person on the Effective Date of the rider, this benefit will accrue for a period of at least five years unless a Specified Health Event is diagnosed prior to the fifth year of coverage. (If the rider is Individual coverage, no further premium will be billed for the rider after the payment of benefits.)

SPECIFIED HEALTH EVENT RECOVERY BENEFIT RIDER: (Form A74051) Applied for ❑ Yes ❑ No

SPECIFIED HEALTH EVENT RECOVERY: A Covered Person will be considered in Specified Health Event Recovery if he or she continues to be under the active care and treatment by a Physician for a covered Specified Health Event OR he or she is unable to engage in the duties of his or her regular occupation due to a covered Specified Health Event. "Specified Health Event" includes Heart Attack, Stroke, End-Stage Renal Failure, Major Human Organ Transplant, Third-Degree Burns, Persistent Vegetative State, Coma, Paralysis, Coronary Artery Bypass

Graft Surgery (CABG), or Sudden Cardiac Arrest occurring on or after the Effective Date of coverage under the rider. (If the rider is Individual coverage, no further premium will be billed for the rider after the payment of lifetime maximum benefits.)

SPECIFIED HEALTH EVENT RECOVERY BENEFIT: Aflac will pay $500 per month while a Covered Person remains in Specified Health Event Recovery upon receipt of written proof of Loss from that person's Physician.

Lifetime maximum of six months per Covered Person.

(5) Exceptions, Reductions, and Limitations of the Policy (not a daily hospital expense plan):

A. The Benefits for Intensive Care Unit Confinements will be reduced by one-half for confinements that begin on or after the policy anniversary date following the 70th birthday of a Covered Person.

B. The Benefits for Intensive Care Unit Confinements are not payable for confinement in units such as telemetry or surgical recovery rooms, postanesthesia care units, private monitored rooms, observation units located in emergency room or outpatient surgery units, or other facilities that do not meet the standards for a Hospital Intensive Care Unit or Step-Down Intensive Care Unit. The Hospital Intensive Care Unit Benefit is not payable for confinement in progressive care units or intermediate care units.

C. Aflac will not pay benefits for any Loss that is caused by a Pre-existing Condition unless the Loss occurs more than 12 months after the Effective Date of coverage (or begins 6 months from the Effective Date for insureds who were issued the policy at age 65 or over).

D. Aflac will not pay benefits for any newborn's Loss or confinement that occurs or begins during the first 28 days following birth when conception occurred prior to the Effective Date of coverage.

E. Aflac will not pay benefits whenever coverage provided by the policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.

F. For any benefit to be payable, the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Specified Health Event per Covered Person occurs on the same day, only the highest eligible benefit will be paid.

G. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage or any prior claim under any other Aflac coverage for which benefits were received that were not lawfully due and that fraudulently induced payment.

H. **The policy does not cover Losses or confinements caused by or resulting from:**

1. Being intoxicated or under the influence of alcohol, drugs, or any narcotic, unless administered on the advice of a Physician and taken according to the Physician's instructions (the term "intoxicated" refers to that condition as defined by the law of the jurisdiction in which the cause of the Loss occurred);
2. Using any drug, narcotic, hallucinogen, or chemical substance (unless administered by a Physician and taken according to the Physician's instructions), or voluntarily taking any kind of poison or inhaling any kind of gas or fumes;
3. Participating in any illegal activity that is defined as a felony ("felony" is as defined by the law of the jurisdiction in which the activity takes place), or being incarcerated in any detention facility or penal institution;
4. Participating in any sport or sporting activity for wage, compensation, or profit, including officiating or coaching; or racing any type vehicle in an organized event;
5. Intentionally self-inflicting a bodily injury or committing or attempting suicide, while sane or insane;
6. Having elective surgery that is not Medically Necessary within the first 12 months of the Effective Date of coverage; or
7. Being exposed to war or any act of war, declared or undeclared, or actively serving in any of the armed forces or units auxiliary thereto, including the National Guard or Reserve.

PRE-EXISTING CONDITION LIMITATIONS: A "Pre-existing Condition" is an illness, disease, infection, disorder, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, medical advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment.

Benefits will not be payable for any Loss that is caused by a Pre-existing Condition unless the Loss occurs more than 12 months after the Effective Date of coverage (or begins 6 months from the Effective Date for insureds who were issued the policy at age 65 or over).

(6) **Renewability:** The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, with some benefits reduced beginning at age 70, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Premium rates may change only if changed on all policies of the same form number and class in force in your state.

(7) **Grace Period:** A grace period of 31 days will be granted for the payment of each premium falling due after the first premium. During the grace period, this policy shall continue in force.

(8) **Premiums:** Premiums are subject to change.

THIS OUTLINE OF COVERAGE IS ONLY A BRIEF SUMMARY OF THE COVERAGE PROVIDED.
THE POLICY ITSELF SHOULD BE CONSULTED TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.

TERMS YOU NEED TO KNOW

ACTIVITIES OF DAILY LIVING (ADLs): activities used in measuring your levels of personal functioning capacity. Normally, these activities are performed without direct personal assistance, allowing you personal independence in everyday living.

The ADLs are:

1. Bathing: washing oneself by sponge bath or in either a tub or shower, including the task of getting into or out of the tub or shower;
2. Maintaining continence: controlling urination and bowel movements, including your ability to use ostomy supplies or other devices such as catheters;
3. Transferring: moving between a bed and a chair, or a bed and a wheelchair;
4. Dressing: putting on and taking off all necessary items of clothing;
5. Toileting: getting to and from a toilet, getting on and off a toilet, and performing associated personal hygiene; and
6. Eating: performing all major tasks of getting food into your body.

COMA: a continuous state of profound unconsciousness lasting for a period of seven or more consecutive days and characterized by the absence of: (1) spontaneous eye movements, (2) response to painful stimuli, and (3) vocalization. The condition must require intubation for respiratory assistance. The term coma does not include any medically induced coma. The coma must begin on or after the effective date of coverage and while coverage is in force for benefits to be payable.

CORONARY ANGIOPLASTY: a medical procedure in which a balloon is used to open narrowed or blocked blood vessels of the heart (coronary arteries). This procedure may be performed with or without stents.

CORONARY ARTERY BYPASS GRAFT SURGERY (CABG): open-heart surgery to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as but not limited to coronary angioplasty, valve replacement surgery, stent placement, laser relief, or other surgical or nonsurgical procedures.

COVERED PERSON: any person insured under the coverage type that you applied for on the application: individual (named insured listed in the Policy Schedule), named insured/spouse only (named insured and spouse), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse, and dependent children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically covered under the terms of the policy from the moment of birth. If individual or named insured/spouse only coverage is in force and you desire uninterrupted coverage for a newborn child, you must notify Aflac within 31 days of the child's birth. Upon notification, Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. One-parent family or two-parent family coverage will continue to include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, grandchildren, or legally adopted children who are under age 26. Children for whom you must provide medical support under a court order are also covered under the terms of the policy. A dependent child (including persons incapable of self-sustaining employment by reason of mental retardation or physical handicap) must be under age 26 at the time of application to be eligible for coverage.

EFFECTIVE DATE: the date(s) coverage begins as shown in the Policy Schedule or any attached endorsements or riders. The effective date **is not** the date you signed the application for coverage.

END-STAGE RENAL FAILURE: permanent and irreversible kidney failure, not of an acute nature.

HEART ATTACK: a myocardial infarction. The attack must be positively diagnosed by a physician and must be evidenced by electrocardiographic findings or clinical findings together with blood enzyme findings. The definition of heart attack shall not be construed to mean congestive heart failure, atherosclerotic heart disease, angina, coronary artery disease, cardiac arrest, or any other dysfunction of the cardiovascular system. The heart attack must occur on or after the effective date of coverage and while coverage is in force for benefits to be payable. Sudden cardiac arrest is not a heart attack.

HOSPITAL: a licensed institution operated pursuant to law and is primarily engaged in providing or operating, either on its premises or in facilities available to it, on a contractual, prearranged basis and under the supervision of a staff of one or more duly licensed physicians, all of the following: (1) medical, diagnostic, and major surgical facilities for the medical care and treatment of sick or injured persons on an inpatient basis for which a charge is made; (2) a 24-hour-a-day nursing service by or under the supervision of a registered graduate professional nurse (RN); (3) a minimum of five beds; (4) X-ray and laboratory facilities; and (5) permanent medical history records. The term Hospital also includes ambulatory surgical centers. The term Hospital does not include a rehabilitation facility that is not accredited by the Joint Commission on the Accreditation of Hospitals, American Osteopathic Association, or the Commission on Accreditation of Rehabilitation Facilities; convalescent homes; convalescent, rest, or nursing facilities; homes or facilities primarily for the aged, drug addicts, or alcoholics; facilities primarily affording custodial or educational care; or facilities primarily affording care for mental and nervous disorders.

HOSPITAL CONFINEMENT: a stay of a covered person confined to a bed in a hospital for a period of 23 hours or more for which a room charge is made. The hospital confinement must be on the advice of a physician and medically necessary. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

HOSPITAL INTENSIVE CARE UNIT: specifically designated facility of the hospital that provides the highest level of medical care and that is restricted to those patients who are critically ill or injured. Such facilities must be separate and apart from the surgical recovery room and from rooms, beds, and wards customarily used for patient confinement. The hospital intensive care unit must be permanently equipped with special lifesaving equipment for the care of the critically ill or injured, and the patients must be under constant and continual observation by nursing staffs assigned exclusively to the hospital intensive care unit on a full-time basis. These units must be listed as hospital intensive care units in the current edition of the American Hospital Association Guide or be eligible to be listed therein. This guide lists three types of facilities that meet this definition: (1) Hospital intensive care unit, (2) Cardiac intensive care unit, and (3) Infant (neonatal) intensive care unit. **Hospital**

Intensive care unit does not include units such as: telemetry or surgical recovery rooms, postanesthesia care units, progressive care units, intermediate care units, private monitored rooms, observation units located in emergency rooms or outpatient surgery units, step-down intensive care units, or other facilities that do not meet the standards for a hospital intensive care unit.

LOSS: a specified health event, coronary angioplasty, or confinement in a hospital intensive care unit or step-down intensive care unit occurring or beginning on or after the effective date of coverage and while coverage is in force.

MAJOR HUMAN ORGAN TRANSPLANT: a surgery in which a Covered Person receives, as a result of a surgical transplant, one or more of the following human organs: kidney, liver, heart, lung, or pancreas. **This does not include transplants involving mechanical or nonhuman organs.**

PARALYSIS: complete and total loss of use of two or more limbs (paraplegia, quadriplegia, or hemiplegia) for a continuous period of at least 30 days as the result of a spinal cord injury. The paralysis must be confirmed by the attending physician. The spinal cord injury causing the paralysis must occur on or after the effective date of coverage and while coverage is in force for benefits to be payable.

PERIOD OF CONFINEMENT: the number of days a covered person is assigned to and incurs a charge for a bed in a hospital intensive care unit or a step-down intensive care unit. Confinements must begin on or after the effective date of coverage and while coverage is in force. **Covered confinements not separated by 30 days or more from a previously covered confinement are considered a continuation of the previous period of confinement.**

PERSISTENT VEGETATIVE STATE: a state of severe mental impairment in which only involuntary bodily functions are present for a continuous period of at least 30 days and for which there exists no reasonable expectation of regaining significant cognitive function. The procedure for establishing a persistent vegetative state is as follows: two physicians, one of whom must be the attending physician, who, after personally examining the covered person, shall certify in writing, based upon conditions found during the course of their examination, that:

1. The covered person's cognitive function has been substantially impaired; and
2. There exists no reasonable expectation that the covered person will regain significant cognitive function.

PHYSICIAN: a person legally qualified to practice medicine, other than you or a member of your immediate family, who is licensed as a physician by the state where treatment is received to treat the type of condition for which a claim is made.

SPECIFIED HEALTH EVENT: heart attack, stroke, end-stage renal failure, major human organ transplant, third-degree burns, persistent vegetative state, coma, paralysis, coronary artery bypass graft surgery (CABG), or sudden cardiac arrest.

STEP-DOWN INTENSIVE CARE UNIT: specifically designated facility of the hospital that provides a level of medical care below the highest level of acute medical care available at the hospital, but above the level of medical care in a regular private or semiprivate room or ward. The facility must also be separate and apart from other hospital areas, permanently equipped with telemetry equipment, and under constant and continual observation by specially trained nursing staff assigned exclusively to that area. **A step-down intensive care unit does not include:** telemetry or surgical recovery rooms; observation units located in emergency rooms or outpatient surgery units; postanesthesia care units; beds, wards, or private or semiprivate room with or without telemetry monitoring equipment; emergency rooms; or labor or delivery rooms.

STROKE: apoplexy due to rupture or acute occlusion of a cerebral artery. The apoplexy must cause complete or partial loss of function involving the motion or sensation of a part of the body and must last more than 24 hours. The stroke must be positively diagnosed by a physician based upon documented neurological deficits and confirmatory neuroimaging studies. Stroke does not mean head injury, transient ischemic attack (TIA), cerebrovascular insufficiency, or lacunar infarction (LACI).

SUDDEN CARDIAC ARREST: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, sudden cardiac arrest, cardiac arrest, or sudden cardiac death shall be deemed to be Sudden Cardiac Arrest for purposes of the policy. Sudden Cardiac Arrest is not a Heart Attack.

THIRD-DEGREE BURNS: an area of tissue damage in which there is destruction of the entire epidermis and underlying dermis and that covers more than 10 percent of total body surface. The damage must be caused by heat, electricity, radiation, or chemicals. This does not include skin abrasions caused by falling on and scraping skin on asphalt, concrete, or any other surface.

Aflac Cancer Protection Assurance: real coverage when you need it most.

Cancer treatment is changing—and Aflac is proud to be changing with it. Thanks to advances in science and treatment, more and more Americans today are living with cancer.[1] Aflac Cancer Protection Assurance helps cover these innovative treatments with benefits that really care for you as a whole person.

From prevention to recovery, Aflac is with you every step of the way. Our benefits are built to see you all the way through cancer treatment and they'll stay with you for life after cancer.[2]

CANCER STATS YOU NEED TO KNOW

FACT NO. 1

MEN HAVE A SLIGHTLY LESS THAN **1 IN 2**

LIFETIME RISK OF DEVELOPING CANCER IN THE UNITED STATES.[3]

FACT NO. 2

WOMEN HAVE A SLIGHTLY MORE THAN **1 IN 3**

LIFETIME RISK OF DEVELOPING CANCER IN THE UNITED STATES.[3]

Of course, four-in-four hope they'll never get it. But for many—and for certain types of cancer—advances in science and treatment have transformed cancer into an illness that can be managed over a lifetime. **In fact: 89% of women who are diagnosed with breast cancer will survive it and 98% of men who develop prostate cancer will live with it for five years—or more.**[4] Some cancer patients, even with insurance, spend about a third of their household income on out-of-pocket health care costs outside of insurance premiums.[5]

Aflac herein means American Family Life Assurance Company of Columbus.

Understand the difference Aflac makes in your financial security.

Aflac pays cash benefits directly to you, unless you choose otherwise. This means that you can have added financial resources to help with expenses incurred due to medical treatment, ongoing living expenses or any purpose you choose.

We're With You: Aflac Cancer Protection Assurance Stays with You for Life.

Aflac Cancer Protection Assurance pays cash benefits directly to you, unless assigned, when you need them most. If you're ever diagnosed with a covered cancer, these benefits are more important than ever. Why? Because cancer treatment is expensive—today, cancer costs patients and families more than any other chronic illness.[6]

Major medical may not cover the cost of things like deductibles, co-pays, lost work time, or even travel. Aflac Cancer Protection Assurance can help with cancer-associated costs like these. It helps support you through the physical, emotional, and financial costs of cancer—and stays with you for life. Here's how it works:

We're with you, even when you're well. We pay a benefit for early detection and preventative care, like mammograms, PSA blood tests, and many other kinds of cancer screenings, too. Why? Because when cancer is found and treated early you're more likely to survive it.[7]

We'll see you all the way through treatment. If you're diagnosed with cancer, we offer benefits that you can count on. You'll receive a benefit upon initial diagnosis of a covered cancer and our support doesn't end there.

We give you the freedom to choose the best care for you. You and your doctor decide on a treatment plan together; we help provide you with financial support for every month that you're undergoing that treatment. Want a second opinion? We provide a benefit for that, too.

The policy described in this Outline of Coverage provides supplemental coverage and will be issued only to supplement insurance already in force.

LIMITED BENEFIT, SPECIFIED DISEASE INSURANCE
Outline of Coverage for Policy Form Series B70200

THE POLICY IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THE POLICY AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAW AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.

If you are eligible for Medicare, review the "Guide to Health Insurance for People with Medicare" furnished by Aflac.

(1) **Read Your Policy Carefully:** This Outline of Coverage provides a very brief description of some of the important features of the policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) **Cancer Insurance Coverage** is designed to supplement a Covered Person's existing accident and sickness coverage only when certain losses occur as a result of the disease of Cancer or an Associated Cancerous Condition. Coverage is not provided for basic hospital, basic medical-surgical, or major medical expenses.

Screenings must be administered by licensed medical personnel. Except for Genetic Testing, bone marrow donor screening, and cancer vaccine, the screening must be performed for the purpose of determining whether Cancer or an Associated Cancerous Condition exists in a Covered Person. No lifetime maximum.
