*Paying from ARPA,
\$36,000 budgeted for
tower and radio
ancillary services.*

Charley

PenTex Energy,
formerly Cooke
County Electric
Cooperative,
recommended we
purchase the required
meter loop from
Community Lumber in
Muenster. JTS,
installing the new
radio tower, will need
electrical service on
July 20th. PenTex
said they would be
out July 11th to install
the meter loop pole
and establish electric
service. Reimburse
to Charley Lanier.

*They showed
up Monday
July 10th!*
