Note

**Resolution**

Resolution of **Montague County** authorizing the filing of a grant application with Nortex Regional Planning Commission for a regional solid waste grants program grant; authorizing the **Grant Coordinator** to act on behalf of **Montague County** in all matters related to the application; and pledging that if a grant is received **Montague County** will comply with the grant requirements of Nortex Regional Planning Commission, the Texas Commission on Environmental Quality, and the State of Texas.

Whereas, Nortex Regional Planning Commission is directed by the Texas Commission on Environmental Quality to administer solid waste grant funds for implementation of Nortex Regional Planning Commission's adopted regional solid waste management plan; and

Whereas, **Montague County** in the State of Texas is qualified to apply for grant funds under the Request for Applications.

Now, therefore, be it resolved by **Montague County IN Montague, Texas**;

- 1. That **Charley Lanier, Grant Coordinator** is authorized to request grant funding under Nortex Regional Planning Commission Request for Applications of the Regional Solid Waste Grants Program and act on behalf of **Montague County** in all matters related to the grant application and any subsequent grant contract and grant project that may result.
- 2. That if the project is funded, **Montague County** will comply with the grant requirements of Nortex Regional Planning Commission, Texas Commission on Environmental Quality, and the State of Texas.
- 3. The grant funds and any grant-funded equipment or facilities will be used only for the purposes for which they are intended under the grant.
- 4. Activities will comply with and support the adopted regional and local solid waste management plans adopted for the the area in which the activities are performed.

Passed and approved by **Montague County Commissioner's Court in Montague, Texas, on this the 23rd day of December, 2024.**

# TC-100 TIRE CUTTER

Photo shown with optional  
TC-100-14 Passenger Tire Compressor

The TC-100 Tire Cutter comes stand with a 18 HP B&S gas engine with electric start or 10 HP, 3 phase, 220/440 V electric motor.

## OPTIONAL ACCESSORIES

TC-100-14 Passenger Tire Compressor

4348 Running Signal Light Kit

## PRODUCT FEATURES

- The **TC-100 Tire Cutter** is a versatile tire cutter that is used by tire shops, services stations, landfills, auto salvage yards and retread plants.
- Designed to cut passenger, light truck and heavy truck tires including super singles. Passenger and light truck tires can be cut into 4 pieces at a rate of up to 120 per hour using the optional passenger tire compressor. Heavy truck tires can be quartered at a rate of up to 40 per hour.
- The patented shear blade system is easily adjustable to maintain a zero clearance between the blades for a clean cut.
- The TC-100 is a portable unit that can be easily transported to tire salvage piles. Contains a 2" ball hitch and safety chains. Trailer lights are optional.
- Cut tires can be stacked within each other (nested). This method reduces the volume of a tire pile by up to 60%.
- Reduce transportation costs by shipping more condensed loads using cut tires.
