

Texas Commission on Environmental Quality

Application for Scrap Tire Registration— Scrap Tire Facility

Additional information, documents, and drawings should be securely attached and labeled with the company/facility name. Submit the **original and two copies** of the completed registration application and a completed TCEQ Core Data Form (TCEQ-10400) to: Business and Program Services Section, Scrap Tire Management Program, MC 126, TCEQ, P.O. Box 13087, Austin, TX 78711-3087. For additional information about scrap tire management requirements, please contact us by telephone at (512) 239-2335, or by e-mail at tires@tceq.texas.gov.

1. Facility Name (same as Regulated Entity Name on Core Data Form)

Montague County

2. Type of Scrap Tire Facility – select all that apply

- ☒ Processor – Activities include cutting, grinding, shredding, baling, crushing, splitting, and recapping or retreading.
- ☐ Recycler – Activities include separation and preparation of used or scrap tires for re-use.
- ☐ Energy Recovery – Activities include use as tired derived fuel.
- ☐ Other (identify):

3. Facility Location Street Address

Street Address 207 Legion Street
City, State, Zip Code Nocona, TX 76255
County Montague

4. Facility Mailing Address (if different from above)

Street Address PO Box 416
City, State, Zip Code Montague, TX 76251

5. Contact Person

Name Mark Murphey
Title Commissioner, Precinct 3
Phone Number 940-841-3129
Email Address murpheyp3@gmail.com

6. Consultant Information (if applicable)

Identify the consultant or engineer to be contacted about the facility.

Name

Company

Phone Number

Email Address

7. Property Owner Information

Identify the property owner where the facility will be located. Applicants must submit a Property Owner Affidavit (TCEQ-10299). A template is provided in this document.

Name Montague County
Street Address 207 Legion Street
City, State, Zip Code Nocona, TX 76255

Phone Number 940-894-2401
Email Address co.judge@co.montague.tx.us

8. Investigation or Enforcement Action

Is this registration application in response to a TCEQ investigation or enforcement action?

☐ Yes
☒ No

9. Amendment to Existing Registration

Is this an amendment to an existing scrap tire facility registration? ☐ Yes ☒ No

If yes, please provide the information below.

Registration Number:

Intent of amendment:

Number of Tires and Storage Method

Processors can store up to 500 whole used or scrap tires on the ground **or** 2,000 whole used or scrap tires in enclosed lockable containers. A processor cannot store more than 2,000 used or scrap tires or 20 tons of tire pieces in total. Complete questions 10 and 11 about storage methods.

Recyclers and **energy recovery facilities** can have more than 500 whole used or scrap tires on the ground or 2,000 whole used or scrap tires in enclosed lockable containers under the 30-day supply rule (30 TAC §328.63). The 30-day supply is the amount equal to the highest documented monthly number of used or scrap tires consumed in the most recent six-month period. A facility in operation for less than six months must submit an estimate of a 30-day supply.

A storage site registration application is required for facilities that do not qualify for a 30-day supply and intend to store more than 500 scrap tires or the equivalent in tire pieces on the ground or more than 2,000 scrap tires or the equivalent in tire pieces in an enclosed lockable container. Refer to the Scrap Tire Storage Site website for requirements. <https://www.tceq.texas.gov/tires/tires-storage>

- ☐ Yes, a Storage Site Registration is required, and the application will be submitted separately.
- ☒ No, a Storage Site Registration is not required.

10. On the Ground Storage (outdoors) – No more than 500 used or scrap tires or 5 tons of tire pieces for processors.

How many used or scrap tires will be stored outdoors?

200

How many tons of tire pieces will be stored outdoors? One passenger tire equals 20 lbs.

2 Tons

11. Enclosed Storage (trailer(s), warehouse, etc.) – No more than 2,000 used or scrap tires or 20 tons of tire pieces for processors.

How many used or scrap tires will be stored in enclosed storage?

0

How many tons of tire pieces will be stored in enclosed storage? One passenger tire equals 20 lbs.

0

12. Vector Control Measures

Describe the method for controlling vectors, such as mosquitos and rodents. Monitoring for vectors and appropriate vector control measures must be applied when needed, but no less than once every two weeks.

Montague County will comply with the requirement to apply spray or other appropriate control methods at least every two weeks, or more often if necessary.

13. End Use of Used or Scrap Tires or Tire Pieces (check all that apply)

Identify the end use of the used or scrap tires or tire pieces. Provide the name and registration number if applicable. Not all tires must be delivered to a single location. Different types of facilities can be used. Include additional pages as an attachment as needed.

☐ Energy Recovery Facility

Name:

Registration #:

☐ Storage Site

Name:

Registration #:

☐ Landfill

Name:

Permit #:

☐ Land Reclamation Project Using Tires (LRPUT)

Name:

Registration #:

☒ Other (identify): Waste Connections Transfer Station, Bowie, TX

14. Location Maps

Provide a map showing the location of facility in relation to a road intersection. Online mapping tools, such as Google Maps or Mapquest, are acceptable.

Map is included as attachment # 1 of this application.

15. Emergency Response

Provide documentation of arrangements with public or private emergency response personnel if facility does not intend to provide its own firefighting personnel or system. Specifically, the application must include a response letter from emergency response personnel stating they will provide fire protection in the event of an emergency. Examples of emergency response personnel include local city or county fire departments, and volunteer fire departments.

Name of public or private emergency response personnel: Nocona Volunteer Fire Department

Letter from emergency response personnel is included as attachment # 2 of this application.

16. Notification Requirements

Applicants are required to notify local authorities of the scrap tire facility registration application to comply with the notification requirements of 30 Texas Administrative Code Chapter 328, Sections 328.63(d)(1) and 328.63(d)(2). A template of the notice is provided on the next page of this application. Complete the template with the required information and send it, along with a copy of this application, by certified mail with a return receipt request. Submit return receipts to the TCEQ Scrap Tire Program as part of the registration application. Provide the name, mailing address, and date notice was mailed for the required local authorities below.

Return receipts are provided as attachment # 3 of this application.

City facility is located in

Scrap Tire Facility Registration – Notification to Local Authorities

Notification Date (mailed or hand-delivered date): April 23, 2025

Notification to: The Honorable Robert Fenoglio, Mayor, City of Nocona, Texas

Montague County

Customer Legal Name

has applied to the Executive Director of the Texas Commission on Environmental Quality (TCEQ) for a Scrap Tire Facility Registration for a proposed scrap tire facility to be located at:

207 Legion Street, Nocona, Texas 76255

Physical address of the facility

This notification is provided per the requirements of 30 TAC Chapter 328, Sections 328.63(d)(1) and 328.63(d)(2). Approval by the TCEQ Executive Director is required before the start of the proposed scrap tire facility operations at the above-referenced location.

Prior to authorizing a scrap tire facility, the TCEQ Executive Director must consider any timely written notification by a local government with jurisdiction over a proposed facility that the proposed facility does not comply with local requirements related to managing scrap tires and protecting public health and the environment. Such notice must include adequate documentation of noncompliance at the proposed facility. The Executive Director determines whether any documentation of noncompliance submitted is adequate. Comments on the application, if any, must be submitted in writing to the TCEQ's Waste Permits Division within 45 days of the date noted above.

The Executive Director shall, after review of the application for registration, determine if the application will be approved or denied. The Executive Director's final action on the application will be available to view at www.tceq.texas.gov/tires/pending-applications. The applicant or a person affected may file a motion to overturn the Executive Director's final action on this registration, which is a request that the commission review the Executive Director's action on an application. A motion to overturn must be filed no later than 23 days after the date of the final action. Information on how to file a motion to overturn is available at the above web page.

For more information about this application and/or to submit comments, please contact: Waste Permits Division, MC 126, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087. The TCEQ staff can also be contacted via email to tires@tceq.texas.gov or by phone at (512) 239-2335.

Dear Mr. Lanier,

The City of Nocona received your letter regarding Montague County's application to the TCEQ for a scrap tire facility to be located at the precinct 3 yard at 207 Legion St.

The City of Nocona fully supports this application. Because the City of Nocona fully supports this application the city will not be commenting on the application to the TCEQ.

If you have any questions or comments, please let me know.

Thanks,
Revell Hardison, City Sec.

Subject: TCEQ scrap tire facility application
Attachments: Notification - Nortex RPC.pdf

Good afternoon, Mr. Wilde!

Attached is a notification from Montague County, notifying local authorities (Nortex Regional Planning Commission) of our application to TCEQ for a Scrap Tire Facility.

I'll give you (and Jan!) a raincheck for the dinner I will owe you.

Thank you!

Charley Lanier
