Corporate Overview

Government Capital Corporation (GCC) was founded in 1992 with the primary purpose of providing tax-exempt financing solutions for state and local government entities including cities, schools, counties, and special districts. Since our inception, GCC and its affiliates have provided financing solutions exceeding \$6 billion for many different types of projects. These financings have provided funding for a wide variety of municipal needs including vehicles, technology, facilities, and heavy-duty equipment. Our team possesses extensive experience assisting state and local governmental entities of all types in creating, evaluating and implementing financing structures of every type authorized by various state borrowing authorities. Although we serve clients in all 50 states, since Texas is our home, one of our primary areas of focus is assisting Texas counties with acquiring essential personal property and equipment. Since our inception, we've been honored to provide financing solutions for 152 Texas counties, representing 60 percent of the counties in the state. In many cases, we have helped our clients adapt to and comply with regulatory changes as well as enable them to execute financings more rapidly, efficiently, and economically.
